

Proposal for Summer Breakfast and Lunch Programs Anne M. Jean Summer School 2012

Posted on Web Site January 24, 2012

Our choice of programs for the Summer Breakfast and Lunch Programs will be “Seamless Summer Option”.

The dates of operation are tentative at the present date (January 23, 2012). Our best estimated dates would be alternating two-week periods beginning mid-June and lasting until mid-August.

The approximate number of participants attending will depend upon the number of student attending the Summer School Program and the response from the community. We are hoping to feed approximately 100 people per breakfast and 125 for lunch per day.

Suggestion for notifying students and community:

- Place notice on Anne M. Jeans and Burr Ridge Middle Schools signs.
- Post information on the Web Site.
- Send home multiple flyers with students.
- Include flyer in final report card and with information regarding summer school.
- Place an ad in local newspapers notifying the public of the upcoming program.
- Ask Student Council to make informational posters and display them in both schools.
- Contact local churches and park districts to display posters.
